REGISTRATION INSTRUCTIONS:

First Time Users:

Please go to: www.apti-learn.net and follow all of the below steps:

1. Click on the "First time user? Click here to register" link on the left side of the webpage;
2. First screen requires: 1) work email address; 2) first and last names; 3) password; and 4) security question;
3. Second screen asks about affiliation/agency – click *WESTAR (Western States Air Resources Council);
4. At this point a drop-down menu will appear that lists 15 western states, click the state in which your agency resides;
5. Once you have selected the state another drop-down menu will appear which asks you to identify the specific agency that you work for;
6. Third screen includes a list of job functions and other profile information. You can click as many (or few) job functions as appropriate. Once you have completed this third screen, you are done setting up your profile.

After completing the profile:

1. Click the "Home" tab in the upper left hand corner;
2. The Home Page includes the 2013 Training Calendar below the "Welcome" and "APTI LMS Training Videos";
3. Scroll down the 2013 Training Calendar until you see training course that you are interested in registering for;
4. On the right side you will see a "register" link;
5. Click the "register" link, and voila you are registered (be patient it takes a few seconds for the confirmation note to pop-up);
6. You will receive an automatically generated email saying that you have been placed on a waiting list (this is so unapproved attendees can be weeded out).
7. Once I have approved you, you will receive a second email saying you are enrolled.

Previously Registered Users:

1. Enter email address and password in appropriate spaces;

ABOUT THE TRAINING COURSE

Course Description

This course presents information on the major national programs in air pollution stationary source permitting. This course was designed to provide hands-on training in the methods and procedures used to effectively draft and review permit conditions used with a variety of permit programs. This course is designed for personnel of state and local permitting agencies who are new to permit programs, managers of programs which are impacted by permits, and inspectors who must read and interpret permit conditions. Examples of the various types of permit conditions are presented along with practical exercises.

Major topics

- Identification of the components required in a complete permit application evaluation,
- Explanation of the functions and purposes of each component of a complete permit application,
- Description of the characteristics of an effective permit,
- Explanation of the process, approaches that can be used to assure an effective permit is produced.

SPACE LIMITATION: Registration is limited to 45 attendees. Air quality staff from the fifteen western states receive registration preference.

REGISTRATION FEES: There are no registration fees for state, local or tribal air quality agency staff. For federal employees registration fees are \$500.
