The preparation of this manual was overseen by the Environmental Protection Agency (EPA), and the revision of materials was coordinated and managed by the Tidewater Operations Center of C² Technologies, Inc., Newport News, Virginia.

This course revision has been updated through extensive editing as well the incorporation of new information. Acknowledgement and thanks are extended to the subject matter advisors who participated in this effort: Stephen Szulecki, M.S., former Director of Rutgers Air Pollution Training Program at Rutgers University, NJ; Francesco Maimone, M.S., former Co-Director of Rutgers Air Pollution Training Program at Rutgers University, NJ; and Dennis Mikel, Physical Scientist at EPA's Air Quality Assessment Division, Research Triangle Park, NC.
